and general public!

Northeastern Area Emergency Management

The Northeastern Area Emergency Management Team would like to extend communications to the community for emergencies.

Our 911 system has a way to notify you in the event of an emergency. There is no cell phone required, as it will leave a voice recording on your home phone. However, highly suggested a cell phone, so that you can receive text messages. In order for you to receive these text messages, you will need to sign up for this FREE service Under "Emergency Services" / "Emergency Management" on the left side of the page. The website and location is listed below:

Lower left corner of web page "Receive our e-alert & Newsletter"

Text messaging <https://www.sctfpa.org/sc-alert.php>

South Central Alert

You have the choice of notification.
